WANTED—High school graduate qualify stenographic position. Tuition less train fare, paid from \$1800 guaranteed salary. 200-page catalog. Application blank. Investigate. Piedmont Business College. Lynchburg, Va. 8-20 tf.

J. A. Leslie sold this week, the property on south side of town, recently purchased from R. B. Johnson, to Wash Hoops. He has taken possession.

J. A. Leslie has two other small properties for sale—\$1650 and \$1750 respectively. Also one priced for \$5500. Another for \$7,000.

There are no houses for rent at this time, not a vacant house in town at this time that can be rented.

#### GOITRE

### IT PAYS FOR ITSELF

Delco-Light really costs you nothing. It pays for itself by doing work,—running the washer—pumping the water and do-ing many other odd jobs. This is the opinion of the vast army of Delco-Light users.

BURGESS ELECTRIC CO.
Bluefield, West Va.

L. B. BEERS, Salesman, for

Style is paramount if you would be well tailored—and you get styles that are particularly good in S. H. Churchill & Co. made-to-measure clothes for men, the down to the minute

But style is not all you get. For years S. H. Churchill tailoring has been known as the "Big Value Line of America."

It is this big value combined with good style that makes so many men prefer S. H. Churchill made-to-measure clothes. See the Churchill dealer today.

# Stop Buying Gas and Start Buying Mileage

Buying a car that thirsts more than it travels is like hiring a cook who eats more than she earns.

And there are far too many cooks and cars that answer to that description.

What you want is a car that doesn't have to stop at every gasoline tank for refreshment.

And that is the achievement of the Overland with its Suspension Triplex Spring and light alloy steels.

It has solved one of the most perplexing riddles of automobile design. It has lengthened the mileage of a gal-

distance instead of burning up money.

It has reconciled light alloy steels with unalloyed comfort and set luxury and economy on the road together.

And yet, great as it is, the Suspension Triplex Spring is only one of many Overland advantages. The world regards it as a new epoch

in automobile construction, and it is. But enthusiasm for this marvelous mechanism should not obscure the solid claims of Overland quality.

Light alloy steels and the Suspension Triplex Spring are the mainspring of Overland economy.

But quality still plays the role of Hamlet in the drama of Overland production.

Quality in the steels, selected at the source, checked in the rolling, and inspected at the plant.

Quality in the various parts, built by Overland themselves, and not billed to Overland by others!

Quality in every process of manufacture and assembling, done by Overland and not by proxy.

Quality animating the labors of the entire Overland organization and producing-

A LIGHT-WEIGHT, LOW-PRICED, EASY - RIDING, SLOW - BURNING, MILE-EATING PIECE OF MECH-ANISM, COSTING LITTLE TO BUY, AND MIGHTY LITTLE TO RUN!

In winning the Los Angeles-Yosemite Valley Test, the Overland Touring Car gave 35 miles per gallon—The Overland Sedan gave 27 miles per gallon.

EATS UP MILEAGE BUT HAS A POOR APPETITE FOR GAS!
